A BIG CROP

We have the greatest crop of corn
We've ever grown;
It is the finest, sure's you're born,
We've ever known.

And as the sheaves are growing
brown,
I, hopeful dub,
Just wonder if it will bring down
The price of grub.

WANTED

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10 AND 18 YEARS TO JOIN OUR

MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County depends upon the continuing development of its Agricultural interests and the business efficiency of our future Farmers, with the hope of being able to aid in those directions, we have decided to organize a Heifer Club for the Farmer Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase Fifty Grade Shorthorn Heifers, about eight months old and weighing about 600 pounds, which we will distribute among the first fifty Mason County Farmer Boys, between the ages of 10 and 18 years, that apply for and agree to care for same and that can execute a bankable note covering the cost of the Heifer; which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Extension Service of the State College of Agriculture and be distributed among the boys by lot. Each boy will be given the same chance to make good, and required to become a member of the Mason County Boys' Agricultural Club and to care for the Heifer under the directions of the County Agent; to have the Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now; but, you must properly care for the Heifer and pay for it later and all the increase and profit will be yours.

About \$100 will be given away in prizes to the boys getting the best results, with their Heifers, at the exhibition to be held in the fall of 1918. For full particulars call at Bank or see Mr. E. F. Boyd, Jr., County Agent, at once, as we want to close entries to the club by September 1st.

We are anxious to help boys that are willing to work and learn.

REBEL RUSSIAN GENERAL

Orders Troops to Move on to Petrograd—Government Infantry Advancing From Capital to Meet Attack—Swedish Paper Prints Rumor of Assassination of Kerenky.

London, September 11—The Swedish Aftonbladet says the correspondent at Copenhagen of the Exchange Telegraph company publishes a rumor emanating from physicians who have arrived at the Danish capital from Petrograd, that Premier Kerenky has been killed by a member of the Bolsheviks. The rumor could not be confirmed.

Petrograd, September 11—General Korniloff has ordered his troops to detain at the railroad station at Dno and to march on and besiege the city of Petrograd, Government Infantry still is moving out of the capital to oppose Korniloff's forces.

General Denikin of the Russian armies on the southwestern front, has telegraphed to Premier Kerenky that he intends to support General Korniloff.

Lieutenant General Dmitri Stcherbatcheff, commander of the Russian forces on the Rumanian front, has ordered his armies and also the Odessa military district to take no part in the conflict, at the same time remaining true to the provisional government.

The entire Baltic fleet, together with its staff officers, has unanimously placed itself on the side of the provisional government.

No report has yet been received of a collision between government troops and those of Gen. Korniloff. It is officially stated that a part of the rival forces met near Luga and communicated with each other without hostilities breaking out. One of General Korniloff's detachments is said to be advancing from the Narva. Both sides are still organizing and appealing for support.

The Bourse Gazette says the cavalry which Gen. Korniloff sent against the capital reached Dno, 120 miles from Petrograd. The military section of the Council of Soldiers' and Workmen's Delegates at Petrograd had sent emissaries to explain the character of the movement to the officers of the Korniloff cavalry. The delegates delivered Premier Kerenky's order of the day and the advance of the cavalry stopped at Dno to await further instructions.

Premier Kerenky has sent instructions by wireless telegraph to all railroad organizations requiring the officials to refuse to obey any order from General Korniloff. The premier has received a telegram from the commander of the Baltic fleet promising support.

A council of all ambassadors, including those representing neutral countries, was held yesterday afternoon, at which a situation was discussed about which all information was later refused. Following the meeting the ambassadors from the Entente nations held a separate conference.

Alexander J. Guchkoff, the Octobrist leader, who formerly held the positions of president of the Duma, chief of the Munitions bureau and minister of war and navy ad interim, has gone over to General Korniloff.
